---

As a property owner, tenant, or person who has requested notice, please be advised that the County of San Bernardino Solid Waste Local Enforcement Agency (LEA) received and is considering an application to modify the solid waste facility permit (SWFP) for the Mid Valley Sanitary Landfill. The LEA is certified by the California Integrated Waste Management Board to enforce state laws and regulations at solid waste sites within the County of San Bernardino, including all active and closed landfills.

Description of Project and LEA's Preliminary Determination

Mid Valley Sanitary Landfill is an approximately 498-acre existing landfill site located at 2390 North Alder Avenue in the City of Rialto in the southwest corner of San Bernardino County. On April 10, 2008, the LEA accepted for review the permit application package to the SWFP from Mid Valley Sanitary Landfill requesting a change to remove LEA permit condition #4 to implement a Comprehensive Disposal Site Diversion Program (CDS DP) and modify the self-monitoring reporting period to 30 days instead of 15 days. No other changes to the SWFP are under consideration at this time.

The LEA finds that the proposed change is a non-material change pursuant to Title 27 §21665 and qualifies as a permit modification. The LEA's preliminary determination is that the proposed permit modification be approved.

Prior to issuance of the SWFP, the LEA must request and receive concurrence from the California Integrated Waste Management Board (CIWMB).

Where to get additional information

A copy of the modified permit application is available for public review by appointment in the LEA office located at 385 N. Arrowhead Ave. 2<sup>nd</sup> Floor, San Bernardino, CA 92415.
